Foldable Mobility Scooter

Compact Mobility Solution for
Enhanced Independence

FactoryDirectMedical™

About us

Factory Direct Medical

Founded three decades ago, **Factory Direct Medical** began with a simple mission: to make high-quality healthcare and mobility products accessible and affordable for every Canadian home. We started as a local family-owned business in Ontario and have grown into a nationwide leader in medical equipment distribution.

We pride ourselves on being more than just a retailer. Our team consists of experts who understand the challenges of mobility and aging-in-place. We don't just sell products; we provide solutions that enhance quality of life, independence, and comfort for our customers and their loved ones.
